Professor and Head Division of Basic Medical Sciences,
School of Medicine and Health Sciences,
University of Papua New Guinea
P.O.B. 5623 Boroko, NCD, PNG

Dear Prof. Temple,

Re: AJFAND Technical Reviewer

This is to let you know that the Editor-in-Chief has elevated you to the position of Technical Reviewer for AJFAND. Technical Reviewers are picked amongst our regular reviewers through special selection that is based on their dedication and proficiency of grammar and detail of manuscripts.

Technical Review is a stage in the review process that looks at manuscripts that have already undergone the peer review process. Technical review ensures there are no pending issues that have not been addressed by the author along the way, and that checks for grammar and final style of writing, and is the stage just before the Editor-in-Chief goes through and approves the manuscript.

Yours sincerely

Hon. Prof. Ruth Oniang'o, PhD, DSM, SS
Editor-in-Chief, AJFAND
